EXPERIENCE

Shopkeeper, Wood and Metal shop

St. Olaf College | Northfield, MN | Febuary 2018-Present

Working as the head shopkeeper, my primary responsibility is to maintain safety, teach students how to use tools, fix equipment, and manage schedules and other workers . Here I learned how to use tools and repair tools such as bandsaws, table saws, Mig/tig welders, and more. I have been the teacher's assistant for three years, helping and teaching stuendents with their work. In this job, I also helped found the FabLab, which included lasercutting and 3D printing.

Photolab and Darkroom Attendant

St. Olaf College | Northfield, MN | September 2017-Present

I maintain the darkroom, the printing room, and train new student workers. In this job I help students with darkroom photography, mix chemicals for the class, and print all photos for the department.

Museum Attendant - Flaten Art Museum

St. Olaf College | Northfield, MN | September 2018-Present

As a museum attendant, I help with installations and de-installations of shows and greet guests on our opening nights. I am also responsible for locking up the museum at night and arming the security system.
